

Did you know...

- That 12 reams of paper is equal to 1 tree?
- That we use at least six reams (3000 pieces of paper!) each week to print camper emails?
- That we are using A FULL TREE every two weeks for camper email?!?

OY! That's a lot of paper! LIVE WISE with us this summer, and think twice before hitting send. Ask any camper...emails are nice, but 'real' letters are way better! When you do send emails to camp, follow this handy guide to our new email system...

How to Send Emails to Campers for 2011!

We are excited to tell you about our new partnership with Bunk1 for camper emails. This new system allows for increased security (on your end and ours!), reduced quantity and staff time dedicated to sorting emails (hours every day!), and more options for you. Bunk1's system charges you \$1 for each 'bunk note' (email), but Camp Wise has pre-paid for 4 bunk notes per week for each camper to help ease you into the new system. 😊

Here's how it works:

Step 1: Go to www.campwise.org.

Step 2: Click on the 'photo gallery' link.

Step 3: Sign-in to Bunk1 (instructions for how to set up your Bunk1 email account are on the back of this page).

Step 4: Click on the 'bunk notes' icon.

Step 5: If you have email credits, an open bunk note will appear. If you don't, follow the instructions to purchase bunk notes.

Step 6: Enter your camper's name (their cabin will automatically fill in).

Step 6: Write your email and hit send!

Please note: Camper emails sent to wisekids@campwise.org will not be delivered.

Handy instructions to set up your bunk1 email account!
